Missouri State Public Defender System Budget Request Fiscal Year 2023

PUBLIC DEFENDER COMMISSION

Budget Request Fiscal Year 2023

Mary Fox State Public Defender, Director 573-777-9977 Extension 201

Missouri State Public Defender 1000 West Nifong—Building 7 Suite 100 Columbia, Missouri 65203 573-777-9977, ext. 201

October 1, 2021

Dear Governor Parson:

Enclosed please find the budget request for FY 2023 for Missouri State Public Defender (MSPD). MSPD is grateful for the additional attorney resources provided in the FY 2022 budget. That appropriation, which increased our trial division staff by fifty-three attorneys, will allow MSPD to move forward in fulfilling its constitutional obligation to provide effective representation to the indigent accused. By improving the public defender system, the State is also improving the court process by allowing the Court to resolve cases in a timely manner.

MSPD attorneys can most effectively and efficiently provide legal representation to eligible clients when they are supported by legal assistants and investigators. Currently MSPD has one investigator for every eight attorneys and one support staff member for every three attorneys. As a result, attorneys are often called upon to perform secretarial, administrative and investigative work. Cases are delayed in the court system as the limited support staff work to obtain applications for services, police investigation documents medical and mental health treatment records and perform essential investigation. By increasing support staff MSPD can allow attorneys to perform attorney functions and decrease the delays, which are detrimental not only to the defendant, but also to the State, the counties, the courts and the complaining witnesses.

Working together with other State partners and MSPD supporters, we have made significant progress in decreasing waitlists for public defender services. In FY 2020, almost five thousand cases needed representation. That number is now near 600 and the hope is to provide representation in all of those cases by the end of the 2021 calendar year. Part of that reduction was the result of a generous gift to MSPD. That gift, however, had to be channeled through the local jurisdiction because there was no way for MSPD to accept gifts. MSPD will be requesting a change to the statute to allow MSPD to accept and expend Federal and Other Funds (0112). A decision item is included to increase this spending authority.

MSPD is also requesting to increase the transfer limit for the Debt Offset Fund (0753). The amount of client's income tax refunds intercepted by the Department of Revenue has increased for fees owed to the Public Defender System. The same amount is also requested in the appropriation (7673) which receives the transfer of funds from Debt Offset. MSPD would benefit from having additional funds available to pay necessary expenses.

It is with appreciation for the State's support of the constitutional right to counsel and renewed hope for the continued improvement of our state's public defense system that MSPD submits this FY 2023 budget request.

Sincerely,

Mary Fox Director

1a. What strategic priority does this program address?

The single overriding goal of the Office of the Missouri State Public Defender is to provide effective criminal defense representation for its clients fulfilling the State's constitutional mandate to provide legal representation to the poor charged with criminal offenses who are unable to retain counsel on their own. Strategies to accomplish this mission have been identified and implemented with continued refinements to enhance productivity and efficiencies, reducing costs and eliminating waste in the processes and operations that deliver such services.

1b. What does this program do?

The Missouri State Public Defender (MSPD) is a statewide system that provides legal representation to poor persons who are accused or convicted of state crimes. That representation occurs in Missouri's trial, and appellate courts, as well as in the United States Supreme Court. MSPD'S representation of eligible applicants fulfills the state's constitutional mandate to provide counsel pursuant to the Sixth Amendment of the United States Constitution and Article I, Section 18 of the Missouri Constitution.

Program is found in the following core budget(s):

This program is found in all MSPD core budgets. MSPD has only one mission and only one program - to provide effective legal representation to indigent persons accused of crime.

2a. Provide an activity measure(s) for the program.

MSPD tracks both intake of new cases and resolution of disposed cases. MSPD also tracks outcomes of those cases. Many cases take more than a year from assignment to disposition and many more do not fall neatly, start to finish, within a single fiscal year. The chart reflects the reality that no lawyer begins the fiscal year with an empty file drawer. At the start of FY2021, Missouri's Trial Division public defenders had over 29,712 pending cases already on their desks, to which another 52,037 new cases were assigned over the course of the fiscal year.

2b. Provide a measure(s) of the program's quality.

MSPD provides representation to the majority of persons facing criminal charges in Missouri's courts. Each eligible applicant is assigned to an individual Assistant Public Defender who is responsible for the representation of the client. MSPD measures incoming cases by charges filed by the State and jurisdiction in which the charges are pending. MSPD measures disposition of the cases by the final outcome of the case; i.e. trial, guilty plea, dismissal, etc. Any case which results in a conviction is eligible for post conviction review by both circuit and appellate courts. MSPD is generally responsible for providing representation in those cases also.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri is constitutionally mandated to provide legal representation at the public's expense to poor persons who have been charged with a criminal offense who are unable to hire counsel. MSPD is the independent statutory department created to fulfill that obligation. MSPD was established in 1982 and has struggled for much of its existence to obtain the necessary resources to fulfill that constitutional mandate. In Fiscal Year FY2022 MSPD was authorized to hire an additional 53 assistant public defenders to address excessive caseloads. In addition, 4 positions were added to provide representation at parole hearings.

Although the 53 new attorney FTE were greatly needed and appreciated, this addition of attorney staff exacerbated the challenges facing the already over burdened support staff in many of the offices. District Defenders were surveyed to determine the type of assistance that would provide the most benefit to their office. The results of the survey are reflected on the following pages.

| 2. CORE DESCR | | | | | | | | | |
| | | | | | | | | | |

This appropriation was established to cover three main types of expenses.

VIOLENT CRIMES: Payment of expenses associated with the defense of violent crimes, including those charged as sexually violent predators and death penalty cases.

LITIGATION EXPENSES: Litigation expenses are also paid out of the appropriation. These would include, but are not limited to, such things as mental health evaluations by experts, depositions, interpreters, medical records, transcriptions, exhibits, immigration consultations, fingerprint experts, handwriting analysis, etc. There has been no increase in funding for litigation expense since fiscal year 1996.

CONFLICT CASES: A conflict requiring a case to be contracted out to private counsel occurs when there are multiple co-defendants charged in a particular incident. The co-defendants each require conflict free counsel who can investigate and negotiate the case independently, including any negotiation of testimony against another co-defendant.
